

SOFT LANDING PARTNERSHIP AGREEMENT

EUROPEAN NETWORK OF RESEARCH AND INNOVATION CENTERS AND HUBS IN LATIN AMERICA AND THE CARIBBEAN - ENRICH IN LAC, a private and non-profit legal entity that aims to promote and support multilateral cooperation in research, science, technology, innovation and entrepreneurship between Europe, Latin America and the Caribbean, under the terms of its Bylaws, headquartered at Alameda Franca St., 1050, 10° Floor, Jardim Paulista, in the city of São Paulo/SP, registered with CNPJ / ME n° 36.447.608 / 0001-06.

AND

SOFT LANDING HUB (SLH)	
Organization name: Corporación Universitaria para el Desarrollo de Internet	
Nature of the Organization: CUDI is a civil association (A.C.) , an independent, non-profit entity. This legal status is crucial because it ensures that its primary objective is not capital gain, but the advancement of telecommunications for science . It operates under a membership-based model where decisions are driven by the needs of the academic community rather than market trends.	
Legal entity register number: 43,323	
Address: Av. Tamaulipas 141, Interior 3-B, Col. Condesa, C.P. Alcaldía Cuauhtémoc,	
City: Ciudad de México State: Ciudad de México ZIP: 06140,,	
Representative: Dr. Moisés Torres Martínez	
Complete name:	
Profession:	
E-mail: moises.torres@cudi.edu.mx	Telephone: +52 33 3368 6191

The two parties agree:

1) that Soft-Landing Hubs are support organizations that facilitate the entry and growth of researchers and entrepreneurs in new markets, by:

- Providing tailored services to help innovative ideas become successful businesses/projects, such as (not necessarily all of them):

- *Localization guidance: Offer assistance in understanding local business culture and practices*
- *Co-working space offer: Provide office and meeting spaces to foster collaboration*
- *Administrative support: Help with visas, permits, and registration processes*
- *Compliance check on laws and regulations: Provide guidance on local rules and requirements*

- *Introduction to the local scientific and business community: Facilitate connections with relevant stakeholders*
 - *Support in finding local partners and establishing collaborations*
- Fostering partnerships between Europe and LAC in science, technology, and innovation, contributing to the development of sustainable and competitive businesses and Supporting (applied) research and accelerate innovative entrepreneurship.

2) that this partnership agreement represents a non-exclusive relationship and does not constitute a legally binding contract;

3) that there is no financial binding involved in this partnership;

4) that the free partnership is only valid for the next 12 months;

5) that the partnership can be dissolved at any time;

6) that all material created, drafted, delivered, and exploited within the partnership framework do not infringe any third-party rights, whether they are industrial, intellectual or any other property.

São Paulo, February 09th / 2026.
